TC 3737 MAIL ROOM

IN THE CLAIMS:

1. (Amended) A plurality of medical devices combined in a portable unitary housing,
comprising:
an outer casing having at least one opening for accessing at least one compartment within
the housing;
at least one cover for covering said opening(s),
wherein said compartment(s) hold a gas dispensing device and additional medical
equipment.
2. (Amended) A plurality of medical devices combined in a portable unitary housing,
comprising:
an outer casing having a first and a second opening for accessing a first and a second
compartment within the housing;
a first cover for covering said first opening and a second cover for covering said second
opening,
wherein said first compartment holds a gas dispensing device and said second
compartment holds additional medical equipment.
